SKILLS

LANGUAGES :

- JavaScript
- HTML
- Dart
- TypeScript

DATABASES :

- MongoDB
- MySQL
- PostgreSQL

FRAMEWORKS & LIBRARIES :

- React.js
- React Native
- Redux
- Zustand
- Bootstrap
- Tailwind CSS
- Material UI
- Flutter
- Node.js
- Express.js
- Mongoose

TOOLS & TECHNOLOGIES :

- Git + GitHub
- Docker
- Postman

LINKS

- **LinkedIn**
- **GitHub**

COURSE WORK

- Data Structures and Algorithms (DSA)
- DBMS

EDUCATION

SAIT
B.E in Computer Science
July 2021 | Bangalore, India

WORK EXPERIENCE

INTENSE TECHNOLOGY | Frontend Engineer
January, 2025 – Present | Bangalore, India

- **Developed the UI** for **Auto-Pay**, **Identity Verification** and **Login** features for mobile and web platforms.
- Engineered a **Manual Relay Dashboard** to monitor and control payment relay workflows, improving operational efficiency and user visibility.
- Led the integration of **Hyperverge's Face Match API** for real-time identity verification, enhancing platform security and compliance with KYC norms.
- *Tech Stack : JavaScript, React.js, React Native, HTML, CSS*

MOBIGNOSIS TECHNOLOGY | Software Engineer
September, 2021 – November, 2024 | Bangalore, India

- Developed multiple interactive front-end applications using **JavaScript**, **React**, **React Native**, **Redux**, **Zustand** and **Flutter**, during my entire tenure.
- Developed UI for **Inventory Management System**, **E-commerce**, **NGO's Scholarship Platform**. Developed these UIs for different clients and received appreciation from each one of them.
- **Developed a Student Registration app** to track scholarship allocation and distribution, improving transparency and workflow efficiency.
- **Successfully streamlined the application process** for over **10,000** students, reducing manual effort and administrative overhead.
- **Developed a cross-platform mobile application** using **React Native**, enhancing sales operations for distributors and retailers.
- **Implemented user authentication**, **visit logging**, and **performance tracking**, providing real-time insights into sales activities.
- **Designed and integrated** detailed user profile features, enabling personalized sales analysis and engagement.
- Leveraged **Redux** and **Zustand** for efficient global state management across the app's components.
- **Achieved improved sales efficiency and field productivity** through **Salesforce and RestAPI integration** and real-time data synchronization.
- *Tech Stack : JavaScript, HTML, CSS, Dart, React.js, React Native, Redux, Zustand, Flutter*

INTERNSHIP

NETEASY INFOTECH | Intern
August, 2020 – October, 2020 | Remote, India

- **Revamped site architecture and navigation**, increasing user engagement and satisfaction.
- **Built responsive UIs** with **HTML**, **CSS**, and **JavaScript**, improving load times and mobile compatibility.
- **Optimized frontend code**, reducing page speed and boosting overall site performance.
- *Tech Stack : JavaScript, HTML, CSS*
